

Jabra Sport Pulse Special Edition

What is the benefit of turning off Bluetooth Smart?

You can prevent other nearby devices, that are also enabled with Bluetooth Smart, from accidentally pairing with your headphones.

To turn off/on Bluetooth Smart, follow these steps.

1. Turn on your headphones by pressing and holding (3 seconds) the **Multi-function** button until the LED flashes.
2. Press and hold the **Sports** button (10 seconds) until you hear the voice guidance announcement.

Note:

When you disable Bluetooth Smart, you can only use the heart rate monitor with the Jabra Sport Life app. It will not work with third-party apps.
