

# Jabra Stealth

## What do the LEDs on my Jabra device mean?

Here is an explanation of the LED colors and behaviors.

| <b>Indicator</b> | <b>Battery state</b>     |
|------------------|--------------------------|
| Green            | High                     |
| Orange           | Medium                   |
| Red              | Low                      |
| Flashing red     | Low battery notification |
| Off              | Charging done            |

| <b>Indicator</b>   | <b>Bluetooth state</b>           |
|--|----------------------------------|
| Blue for 3 seconds.<br>Displayed each time a device is connected | Connected to one or more devices |
| Flashing blue. Repeats when in pairing mode                      | Pairing mode                     |
