

Jabra Tour

How do I reset my Jabra Tour?

When you reset your Jabra Tour, the list of devices that have been paired with it is cleared. Follow these steps to reset:

1. Turn on your Jabra Tour by setting the **On/off** switch to the “on” position.
2. Simultaneously press and hold (5 seconds) the **Answer/end** button and the **Volume up** button until you hear a beep tone.
3. Your Jabra Tour is now reset and is ready to pair.

Note: When your Jabra Tour has been reset, you will need to re-pair it with your mobile phone. Remember to delete the previous pairing before you re-pair.
