

# Jabra Assist

## How does the message readout feature work with the magnetic earbuds?

### Prerequisites

- [Jabra Assist - Android](#)

This feature depends on whether you connect the magnetic earbuds together.

- If you connect the earbuds together, Message Readout is automatically turned off. This is shown in Jabra Assist as: “Message readout turned off”.
- If you separate the earbuds from each other, Message Readout is automatically turned on. This is shown in Jabra Assist as: “Message readout turned on”.
