Thank you for purchasing the Jabra STREET2 Bluetooth® headset. We hope you enjoy it! This instruction manual will get you started and ready to make the most of your headset.

ABOUT YOUR JABRA STREET2

1. Headphone connector plug (3.5 mm)
2. Microphone
3. Charging socket
4. Play/pause/stop button
5. Answer/end button
6. Light indicator (LED)
7. Volume up & down
8. Next track
9. Previous track
10. Stereo earphones (exchangeable)
11. Lanyard
12. Clothing clip
The Jabra STREET2 lets you listen to stereo music through your Bluetooth enabled mobile phone or music player, while ensuring that you never miss a call.

**Your Jabra STREET2 has the following functions, when acting as a Bluetooth headset:**

- Answer calls
- End calls
- Reject calls*
- Voice dialling*
- Last number redialing*
- Call waiting*
- Place call on hold*
- Multi-point: being connected to two Bluetooth devices at the same time
- Play music*

**Specifications:**

- Talk time up to 8 hours/standby time up to 230 hours/music playing time up to 7 hours
- Rechargeable battery with charging option from AC power supply
- Weighs less than 30 grams (1.06 oz) incl. the original Jabra earphones
- Operating range up to 10 meters (approx. 33 feet)

Digital sound enhancement via DSP technology

- Noise reduction on transmit and receive audio
- Noise dependent volume control*
- Automatic volume adjustment on receive audio
- Acoustic shock protection

* Phone dependent
- Qualified for Bluetooth Specification version 2.0 + EDR (enhanced data rate), supporting Headset and Hands-free Profiles for phone conversations and Advanced Audio Distribution Profile (A2DP) for streaming music
- IP22 compliant (The Jabra STREET2 can withstand a short rain shower)

*Please note that your Jabra STREET2 can withstand a short rain shower but is not waterproof and cannot be submerged. If your device gets wet, it should be wiped clean of any traces of water in order to protect it from potential damage.*

**GETTING STARTED**

You should follow three steps before using your headset:

1. **Charge your headset**
2. **Activate Bluetooth on your mobile phone (refer to the manual for your Mobile phone)**
3. **Pair your headset to your mobile phone**

The Jabra STREET2 is easy to operate. The buttons performs different functions depending on how long you press them:

<table>
<thead>
<tr>
<th>Instruction</th>
<th>Duration of press</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tap</td>
<td>Press briefly</td>
</tr>
<tr>
<td>Double tap</td>
<td>Touch briefly two times within 1,5 seconds</td>
</tr>
<tr>
<td>Press</td>
<td>Approx: 1 second</td>
</tr>
<tr>
<td>Press and hold</td>
<td>Approx: 4 seconds</td>
</tr>
</tbody>
</table>

**CHARGE YOUR HEADSET**

Make sure that your Jabra STREET2 headset is fully charged before you start using it. Use the AC adaptor to charge from a power socket. Your headset indicates the charging level while charging:
<table>
<thead>
<tr>
<th>What you see</th>
<th>Status</th>
</tr>
</thead>
<tbody>
<tr>
<td>Flashing Green</td>
<td>Charging</td>
</tr>
<tr>
<td>Solid Green</td>
<td>Fully Charged</td>
</tr>
</tbody>
</table>

Please note: The lifetime of the battery will be significantly reduced if your device is left uncharged for a long period. We therefore recommend that you recharge your device at least once a month.

**BATTERY LEVEL**

After turning on the headset you can check the battery level by tapping the volume up(+) or volume down(-). Green flashes indicate that the headset is fully charged, yellow that the power is 70% and red that the power is low and that the headset needs to be charged.

**TURNING YOUR HEADSET ON AND OFF**

- Press the answer/end button until you see a burst of flashes on the indicator light (LED) to turn on your headset.
- Press and hold the answer/end button until you see a burst of flashes on the indicator light (LED) to turn the headset off.
Please note that the LED indicator light turns off after 1 minute to save battery. To check if the headset is on, tap the answer/end button once – the LED indicator light will flash, if the headset is on.

**PAIRING YOUR HEADSET WITH YOUR PHONE**

Headsets are connected to phones using a procedure called ‘pairing’. By following a few simple steps, a phone can easily be paired with a headset.

1. **Put the headset in pairing mode**

   When you turn on your Jabra STREET2 for the first time, the headset will automatically start up in pairing mode – i.e. it is discoverable for your phone. When the headset is in pairing mode the LED is constantly lit with a blue light.

2. **Set your Bluetooth phone to ‘discover’ the Jabra STREET2**

   Follow your phone’s instruction guide. First make sure that Bluetooth is activated on your mobile phone. Then set your phone to discover the headset. This usually involves going to a ‘setup,’ ‘connect’ or ‘Bluetooth’ menu on your phone and selecting the option to ‘discover’ or ‘add’ a Bluetooth device.* (See example from a typical mobile phone in fig. 1).

3. **Your phone will find the Jabra STREET2**

   Your phone will find the headset under the name STREET2. Your phone then asks if you want to pair with the headset. Accept by pressing ‘Yes’ or ‘OK’ on the phone and confirm with the passkey or PIN = 0000 (4 zeros). Your phone will confirm when pairing is complete.

---

* (See example from a typical mobile phone in fig. 1).

---

Fig. 1
In case of unsuccessful pairing, put the Jabra STREET2 into **pairing mode manually**. Make sure the headset is off. Press and hold the answer/end button for approximately **4 seconds** until the LED has a constant blue light. The LED will flash before the light is constant – **keep holding down the button until the light is constant**.

**WEAR IT HOW YOU LIKE IT**

Your Jabra STREET2 is designed to be comfortably worn using the removable clothing clip, fig. 2A or a lanyard strap, fig. 2B. Lanyard and clothing clip are included. Also feel free to use your own lanyard or to wear the device through the top ring.

![Fig. 2A](image1)

![Fig. 2B](image2)

The microphone is integrated on the top left side of the device (when viewing the Jabra STREET2 as shown in fig. 2A). Please take this into account when positioning the main device to ensure a clear pickup of your voice. (See fig. 2B)

**HOW TO**

**Play music** (Some phones may require you to start a media player first)*
- Tap the Play/Pause/Stop button once 🎵.

**Pause music**
- Tap the Play/Pause/Stop button 🎵 – tap again to resume playing.

**Stop music**
- Press the Play/Pause/Stop button 🎵.

* Refer to phone’s user manual
Answer a call when playing music
- Tap the Answer/End button [↩] and the music will be paused and the call will be connected.
- When you end the call, your music will start again**.

Skip one track forward
- Tap the Skip Forward button [→] - continue tapping to skip several tracks forward.

Skip one track back
- Tap the Skip Back button [←] - continue tapping to skip several tracks backward.

Fast Forward
- Press and hold Skip Forward button [→].

Fast Rewind
- Press and hold Skip Back button [←].

Answer a call
- Tap the Answer/End button [↩] on your headset to answer a call when phone is ringing.

End a call
- Tap the Answer/End button [↩] to end an active call.

Reject a call**
- Press the Answer/End button when the phone rings to reject an incoming call. Depending on your phone settings, the person who called you will either be forwarded to voice mail or hear the busy signal.

Make a call**
- When you make a call from your mobile phone, the call will (subject to phone settings) automatically be transferred to your headset when connected.

Activate voice dialing**
- Press the Answer/End button and speak the name. For best results, record the voice-dialling tag when you are wearing the headset. Please consult your phone’s user manual for more info on using this feature.
Redial last number**

- Double tap the Answer/End button.

Call waiting and placing a call on hold**

- This lets you place a call on hold during conversation to answer an incoming call.
- Press the Answer/End button once to put the active call on hold and answer the incoming call.
- Press the Answer/End button to switch between the two calls.
- Tap the Answer/End button to end the active conversation.

Adjust sound and volume

- Press the volume up or down (+ or -) to adjust the volume.

Turn off the indicator lights (LED)

- Simultaneously press the Skip Forward [►] and the Skip Back button [◄] to turn indicator lights on or off.

Mute microphone when on a phone call

- Simultaneously press the volume + and – button to mute/un-mute the microphone when on a phone call.

EXCHANGING THE JABRA EARPHONES

In order to exchange your supplied Jabra earphones with your favorite set, simply plug your headphone jack into the headphone socket on the Jabra STREET2.

Fig. 3
If you are using another set of earphones other than the supplied Jabra model, please note that differences in impedance and sensitivity might limit or increase the maximum volume output level. An impedance level of 16 Ohm is recommended for the best performance. However, always use extra precaution when using another set of earphones than the original Jabra model.

**WHAT THE LIGHTS MEAN**

The Jabra logo is an indicator light showing the headset status. Blue indicates that the unit is operating. Purple indicates you are listening to music. Green signals that your headset is fully charged, yellow 70% charged and red signals that your power is low.

* STREET2 is equipped with Jabra Discreet Light feature, meaning that light indicator (LED) turns off after 1 min of non-activity. Headset is still active, and light will flash again after a tap on the answer/end button or any call activity.
I hear crackling noises

- Bluetooth is a radio technology which means it is sensitive to objects between the headset and the device it is connected to. You should be able to have up to 10 metres (33 feet) of distance between the headset and the connected device when there are no major objects in the way (walls, etc.).

I cannot hear the phone call in the headset

- Increase the volume on the Jabra STREET2.
- Make sure your phone is connected to the headset by tapping the Answer/End button.
- Ensure that the headset is paired to your phone.
- Make sure your phone is connected to the headset in the phone’s menu or by tapping the Answer/End button on the Jabra STREET2.

I have pairing problems

- You may have deleted your pairing connection in your mobile phone – follow the pairing instructions in section ‘Pairing your headset with your phone’.

I cannot use Reject call, Call on hold, Redial or Voice dialling

- These features are dependent on your phone supporting them, please consult your phone’s manual for details.

I cannot hear music in the headset

- Increase the volume on your device.
- Ensure that the headset is paired to your Bluetooth enabled device.
- Make sure that the Jabra STREET2 is charged.
The music player starts playing when connecting to the headset

Some phones may start the music player once it connects to the headset. Re-pair your headset to the device in order to avoid this behaviour.

1. Make sure the headset is off
2. Press and hold the answer / end button for approx 5 sec until the light turns solid blue
3. Continue press and hold the answer / end button until the solid blue light turns off
4. Continue press and hold until a solid purple light turns on

Go through the regular steps in paring the headset to a Bluetooth device.

I have problems streaming in stereo from my music device (mobile phone, PC, MP3-player etc.)

- Make sure the other device supports Bluetooth 1.1 or 1.2 including the Advanced Audio Distribution Profile (A2DP), otherwise it will not work. Please consult the user manual of the device you are using for how to pair it to a Bluetooth Stereo headset.

TAKING CARE OF YOUR HEADSET

- Always store the Jabra STREET2 with the power off and safely protected
- Avoid storage at extreme temperatures (above 45°C/113°F – including direct sunlight – or below -10°C/14°F). This can shorten battery life and may affect operation. High temperatures may also degrade performance.
- Do not expose the Jabra STREET2 to rain or other liquids.
WARNING!

Headsets are capable of delivering sounds at loud volumes and high pitched tones. Exposure to such sounds can result in permanent hearing loss damage. The volume level may vary based on conditions such as the phone you are using, its reception and volume settings, and the environment. Please read the safety guidelines below prior to using this headset.

Safety guidelines

1. Prior to using this product follow these steps
   - Before putting on the headset, turn the volume control to its lowest level,
   - Put the headset on, and then
   - Slowly adjust the volume control to a comfortable level.

2. During the use of this product
   - Keep the volume at the lowest level possible and avoid using the headset in noisy environments where you may be inclined to turn up the volume;
   - If increased volume is necessary, adjust the volume control slowly;
   - If you experience discomfort or ringing in your ears, immediately discontinue using the headset and consult a physician.

With continued use at high volume, your ears may become accustomed to the sound level, which may result in permanent damage to your hearing without any noticeable discomfort.

Using the headset while operating a motor vehicle, motorcycle, watercraft or bicycle may be dangerous, and is illegal in some jurisdictions. Check your local laws. Use caution while using your headset when you are engaging in any activity that requires your full attention. While engaging in any such activity, removing the headset from your ear area or turning off your headset will keep you from being distracted, so as to avoid accident or injury.
3. Keep out of reach of children:
The plastic bags the product and its parts are wrapped in are not toys for children. The bags themselves or the many small parts they contain may cause choking if ingested. Never try to dismantle the product yourself. None of the internal components can be replaced or repaired by users.
Only authorised dealers or service centres may open the product. If any parts of your product require replacement for any reason, including normal wear and tear or breakage, contact your dealer.
Avoid exposing the product to rain or other liquids.

4. ACA TS028 – Ignition of flammable atmospheres
Do not use the Headset in environments where there is a danger of ignition of flammable gases.

WARRANTY

Limited Two (2) -Year Warranty
GN A/S, warrants this product to be free from defects in materials and workmanship (subject to the terms set forth below) for a period of two (2) year from the date of purchase (“Warranty Period”). During the Warranty Period, GN will repair or replace (at GN’s discretion) this product or any defective parts (“Warranty Service”). If repair or replacement is not commercially practicable or cannot be timely made, GN may choose to refund to you the purchase price paid for the affected product. Repair or replacement under the terms of this warranty does not give right to any extension or a new beginning of the period of warranty.

Claims under the Warranty
To obtain Warranty Service, please contact the GN dealer from which you purchased this product or visit www.jabra.com for further information about customer support. You will need to return this Product to the dealer or ship it to the dealer or to GN (if so indicated on www.jabra.com) in either its original packaging or packaging affording an equal degree of protection. You will bear the cost of shipping the product to GN. If the Product is covered by the warranty, GN will bear the cost of shipping product back to you after the completion of service under this warranty. Return shipping will be charged to you for products not covered by the warranty or requiring no warranty repair.
The following information must be presented to obtain warranty service: (a) the product, and (b) proof of purchase, which clearly indicates the name and address of the seller, the date of purchase and the product type, which is evidence that this product is within the Warranty Period. Please further include (c) your return address, (d) daytime telephone number, and (e) reason for return. As part of GN/Jabra's efforts to reduce environmental waste you understand that the product may consist of reconditioned equipment that contains used components, some of which have been reworked. The used components all live up to GN/Jabra's high quality standards and comply with the GN product performance and reliability specifications. You understand that replaced parts or components will become the property of GN.

Limitation of Warranty

This warranty is only valid for the original purchaser and will automatically terminate prior to expiration if this product is sold or otherwise transferred to another party. The warranty provided by GN in this statement applies only to products purchased for use, and not for resale. It does not apply to open box purchases, which are sold “as is” and without any warranty. Specifically exempt from warranty are limited-life consumable components subject to normal wear and tear, such as microphone windscreens, ear cushions, modular plugs, ear tips, decorative finishes, batteries, and other accessories. This warranty is invalid if the factory-applied serial number, date code label, or product label has been altered or removed from this product. This warranty does not cover cosmetic damage or damage due to misuse, abuse, negligence, Acts of Nature, accident, disassembling or modification of, or to any part of, the product. This warranty does not cover damage due to improper operation, maintenance or installation, or attempted repair by anyone other than GN or a GN dealer which is authorized to do GN warranty work. Any unauthorized repairs will void this warranty.
REPAIRS OR REPLACEMENTS AS PROVIDED UNDER THIS WARRANTY ARE THE EXCLUSIVE REMEDY OF THE CONSUMER. GN SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR BREACH OF ANY EXPRESS OR IMPLIED WARRANTY ON THIS PRODUCT. EXCEPT TO THE EXTENT PROHIBITED BY LAW, THIS WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER EXPRESS AND IMPLIED WARRANTIES WHAT SO EVER, INCLUDING BUT NOT LIMITED TO THE WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PRACTICAL PURPOSE.

NOTE! This warranty gives you specific legal rights. You may have other rights which vary from location to location. Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages or implied warranties, so the above exclusions may not apply to you. This warranty does not affect your legal (statutory) rights under your applicable national or local laws.

CERTIFICATION AND SAFETY APPROVALS

CE

This product is CE marked according to the provisions of the R & TTE Directive (99/5/EC). Hereby, GN, declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

For further information please consult http://www.jabra.com

Within the EU this device is intended to be used in Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, The Netherlands, United Kingdom, and within EFTA in Iceland, Norway and Switzerland.

Bluetooth

The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by GN is under license. Other trademarks and trade names are those of their respective owners.
GLOSSARY

1. **Bluetooth** is a radio technology that connects devices, such as mobile phones and headsets, without wires or cords over a short distance (approx. 10 meters/33 feet). Bluetooth is safe to use. It is secure too, so once a connection has been made no-one can listen in and there is no interference from other Bluetooth devices either. Get more information at www.bluetooth.com.

2. **Bluetooth profiles** are the different ways that Bluetooth devices communicate with other devices. Bluetooth phones support the headset profile, the hands-free profile or both. In order to support a certain profile, a phone manufacturer must implement certain mandatory features within the phone’s software.

3. **Pairing** creates a unique and encrypted link between two Bluetooth devices and lets them communicate with each other. Bluetooth devices will not work if the devices have not been paired.

4. **Passkey or PIN** is a code that you enter on your Bluetooth enabled device (e.g. a mobile phone) to pair it with your Jabra STREET2. This makes your device and the Jabra STREET2 recognize each other and automatically work together.

5. **Standby mode** is when the Jabra STREET2 is passively waiting for a call. When you ‘end’ a call on your mobile phone, the headset goes into standby mode.

Dispose of the product according to local standards and regulations.

www.jabra.com/weee
